INTENSIVE OUTPATIENT PROGRAMS

Turning Point Recovery Center and Focused Recovery of New Mexico offer different intensive outpatient programs that are effective, evidence-based and proven for our community.

Group sessions, classes, individual counseling, and wellness skills work together to address the whole person.

Signature peer support and community building create tools that work long after treatment is complete.

Personal, compassionate attention informed by evidence based practice.

IN & OUTPATIENT TREATMENT OPTIONS

DETOX HOUSE

Our Detox House provides a safe, quiet, private setting in which to go through a medically supervised detox. With low occupancy, and staff on hand 24/7, we'll make sure you are as comfortable as possible including preparing meals catered to your needs. You will also begin the process of recovery, so the transition from inpatient detox to intensive outpatient treatment is seamless.

RECOVERY HOUSES

Our recovery homes offer sanctuary as you begin your new life. You'll be in residence with other people in recovery, and onsite staff will help you work through challenges. The house provides a safe, drug free environment as you engage in intensive outpatient treatment, return to work or school, and begin your life in recovery.

Our Admissions Team will help you decide the right course of action. We will become your advocates and allies with you through treatment and beyond.

YOU DON'T HAVE TO DO THIS ALONE.
